

Chapter 5

Page 153:

Change code listing 5.5 from

```
“if( pCharacter->getType() == “aerial” ) { ...”
```

to

```
“if( pCharacter->getType().compare(“aerial”) == 0 ) { ...”
```

Page 157, 158:

Replace SIP with **ISP** for all occurrences of Interface Segregation Principle (ISP).

Page 165:

In the section *Modeling Internal Behavior of Components*, change “An example of a detailed sequence diagram is presented in Figure 5.5.” with “An example of a detailed sequence diagram is presented in Figure 5.4.”
